GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERCH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President ...

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50.

LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay; but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the ... Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col. octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern altitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dueller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, or pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTIONS.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

Remember that the only Stores of the Old Original Tea Company are at 54 Westminster Street, Providence, and 130 Washington Street, Boston, and are distinguished by the name of the NEW ENGLAND TEA COMPANY

MARRIED IN A STEAMBOAT.—Among the passengers in the steamer Bradford Durfee, from Fall River, yesterday, were a young gentleman and lady, Mr. Felix McQuade and Miss Martha Wallace, (the former of Irish and the latter of Scotch descent, but both at present residing in Fall River,) who were on their way to this city to be married. As good fortune would have it, the Rev. A. Brockway of Tiverton, was also on board the boat, and by request of some of the friends of the couple, consented to save them the trouble of searching out some one to tie the knot for them, on arriving in our city. Soon after the boat left Bristol, the passengers were assembled in the Ladies' Saloon, and the interesting ceremony was promptly performed, much to the enjoyment of the spectators, and undoubtedly to the satisfaction of those more immediately interested. Blue's Cotillion Band happened to be on board at the time, and learning of the ceremony, determined to follow it up with an appropriate serenade of the bride. They performed in very chaste style, several beautiful Irish and Scotch airs, which put the bride and bridegroom in such good humor, that we think they need have no fears of quarrelling this week.—*Prov. Post.*

IMPROVEMENT IN TANNING LEATHER.—The Albany Journal thus speaks of a new process in tanning leather, of which Mr. J. U. Dexter is the inventor. The invention is being extensively used in that city, under the name of "Dexter's Electric Process."

A sheep, calf, goat or deer skin is taken in a green state, and in from eight to ten days it is manufactured into leather and ready for market. From four to six days are consumed in preparing a skin for tanning, in the removal of the wool, hair, &c., it is then thrown in a tub, and washed in three chemical preparations, which takes from one to two minutes; it is then taken out and dried, and in twenty four or forty-eight hours after it is taken from the tub it is ready for market. The time occupied in drying depends much upon the weather; but after it is thoroughly dried it can be finished in about twenty minutes or half an hour. Under the old system of tanning, it takes from three to four weeks to prepare the skin, and from three to six months to bark tan and finish it.

By the discovery of this new process, a skin is converted into leather in as many days as it takes months to bark tan and besides, it is not only stronger and more durable, but the leather is made water proof. They can manufacture sheepskins by this process into leather [illegible] which not only resembles calf skin, but for boots and shoes it is preferred by those who have worn them, on account of its being more durable and softer than calf manufactured in the old way. By this method of tanning there is a great saving.—One hundred sheep-skins can be tanned for 37 to 50 cts., while to bark tan them would incur an expense of at least $6.

At the same establishment patent leather is manufactured out of sheep-skins, which is said to be more durable and less liable to crack than that made of bark tanned leather.

RELEASE OF MR. CHAPLIN. Mr. Chaplin was on Thursday last released from the jail of Montgomery Co, Maryland $19,000 bail having been entered for his appearance at Howard District Court to stand his trial on the charge of having resisted the Washington slave-hunters who tracked him across the Maryland line. He had previously given bail in the sum of $6000 to appear for trial in the District of Columbia, on charge of aiding in the escape of slaves. Mr. C. was in Philadelphia on Saturday evening, on his way home.

Juveniles will find it a pleasant recreation to select lines of poetry from different authors, which will rhyme with each other, and make new verses which will sometimes make curious sense. Such are called cento verses; here are a few—

"I hear the dread note of the drum,"
"The silver moon is waning;"
"The melancholy days are come,"
"To give our boys a warning."

"A mason's daughter, fair and young,"
"Cries, Boatman do not tarry;"
"If you love me as I love you,"
"When do you mean to marry."

"The moon had climed the highest hill,"
"The country round to see;"
"Then with her starry courts she sang,"
"Oh,—Woodman spare that tree."

A SPREE, AN OUTRAGE AND PROBABLE DEATH.—We learn from the Hartford Times that a party of young men, "out on a spree," on the evening of the 18th inst, committed [illegible] outrages on the premises of Woodruff Caldwell, a public house, situated a short distance from the city. Caldwell seized an axe and struck a blow upon one of the number, named Burke, which Dr. Ellsworth thinks may prove mortal, and the chances are ninety out of a hundred against his recovering. Caldwell was bound over in bonds of $300 to answer.

The Daily News.

NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

SATURDAY MORNING, DEC. 28, 1850.

☞ As we go to press, we learn the mournful inteligence of the death of Mr. William Lee Barber, sole publisher and proprietor of the Newport Mercury.

☞ The eighth lecture before the Mechanics' Association was delivered on Thursday evening, by the Rev. H. N. Hudson, of Boston. His subject was Shakespeare's Henry IV; or, in other words, a delineation of the character of Falstaff. It was one of the most admirable criticisms that we ever listened to. Mr. Hudson's mind is peculiarly constituted; he grasps all the points in a character; he dissects minutely all the varied traits of his hero's life, and he clearly proves that Falstaff was a consistent being—in his sagacity—self-confidence—prudence—selfishness, and all those other marked traits which make him a noted character in the play.

The lecture was exquisitely written, and plainly showed Mr. Hudson to be a man of strong, far-reaching and polished mind. His periods were beautifully turned, and his language was rich and smooth.

Mr. Hudson has published a volume of lectures, containing some of his criticisms on Shakspeare; and we should suppose that this lecture would induce many of those who heard it, to read the book. We suppose that it can be obtained at the bookstores in town.

FASHIONABLE DANCES.—We understand that the Polka, Redowa Waltz and Schottisch, as danced in New York, was prohibited at a brilliant *soiree* given by one of the wealthy families a few days since, owing to the indelicacy of the style in which these dances are taught in New York.

OHIO. The Legislature of Ohio has not yet succeeded in electing a U. S. Senator, to succeed Mr. Ewing, whose term expires in March next. It is said that the chances of an election at the present session are hopeless. The Legislature has voted down, by a vote of 38 to 33, a proposition to instruct their Congressmen to act in favor of a repeal of the fugitive slave law.

REVERSE OF FORTUNE. The Dublin [illegible] lars of the history of Mrs. Bell Martin, who recently died in New York city, immediately on her arrival in a sailing vessel from Ireland. Mrs. Martin was the daughter and heir of Thomas Martin, M. P., of Ballinabinch Castle, in the County of Galway. She was born to an inheritance, exceeding in extent an entire kingdom of some of the German princes, and yielding a yearly income, above all incumbrances and expenses, of some £5,000, or $25,000. Such were her circumstances and prospects five years ago. In two years time the potato rot, famine, pestilence, the claims of money lenders, and the agency of British laws, reduced this lady of fortune and almost princely rank, to absolute penury. Her whole estate was brought into the Encumbered Estate Court and advertised for private sale, and she herself compelled to go forth as a wanderer without a home. The Mail says of this sad history:

"Never was hard fate less deserved; for her untiring and active benevolence had been devoted from her childhood to the comfort and relief of those who suffered, and her powerful and original mind was incessantly employed in devising means of moral and physical amelioration in the condition of the tenantry on her father's estate. She gave up her whole time to such pursuits, avoiding the haunts of fashion and those amusements which might be considered suitable to her age and place, that she might perform the various duties of physician, schoolmistress, and agricultural instructor. Her almost daily habit was to visit the poor and the sick in the remote recesses of that wild region, sometimes on foot, more frequently in her little boat, well provided with medicaments and food, which she impelled by the vigor of her own arm through the lakes which stretch along the foot of the mountains. How grievous it is to reflect that she should so soon have been driven across the ocean in search of a place to lay her head."

* NAVAL.—Captain Echberger, of bark El Dorado, at Baltimore on Friday from Rio de Janeiro, whence he sailed on the 6th November, reports in port the U. S. frigates Raritan, Capt. Gaunt, bound to the Pacific, and Congress, Commodore McKeever, just arrived from the River Platte. Lieut. S. C. Barney, of the U. S. Navy, and Lieut. Chauncey McKeever, of the U. S. Army came passengers in the El Dorado.

RUMORED ACCIDENT TO JENNY LIND.

The Richmond (Va.) Enquirer of yesterday has the following:—

There was a painful rumor yesterday that the steamer from Wilmington to Charleston, with Jenny Lind, &c., on board, was lost in the tempest on Sunday night. We have nothing to confirm the report—indeed, the telegraph wires South, by which alone it could have come, are said to be out of order.

We learn through passengers, who came *from* Charleston on that night, that the storm was very violent, the baggage floating on the water which washed over the deck, and that the passengers were rejoiced to escape from their perilous position.

(We give the above for what it is worth, but it is so incoherent that we are very much inclined to doubt its correctness. No other Richmond paper has any allusion to the rumor.—*Eds. Com. Adv.*

BALTIMORE, Dec. 26.

Rumors are prevailing here that Jenny Lind, Mr. Barnum and the suite accompanying them, were lost during the late gale, while on their way from Richmond to Charleston.

NORFOLK, Dec. 26th.

The steamer Ohio, from Chagres, via Havana, for New York, put into this harbor to-day, in distress, having sprung a leak at sea.

CONGRESS.

WASHINGTON, Dec. 26.

SENATE.—Mr. Rusk appeared in his seat.

The Chair laid before the Senate a communication from the Department of the Interior, stating the annual cost of keeping the insane of the District of Columbia, in the Lunatic Asylums of Maryland, which was ordered to be printed.

Mr. Mangum moved that when the Senate adjourned, it be till Monday; he supported his motion as just and proper, declaring that nearly all the spoliations on the public domain, and all the enormous encroachments on the Treasury, were perpetrated during the thin attendance of the holiday weeks.

Mr. Walker replied. The motion was lost, Ayes 16, Nays 20.

Mr. Seward gave notice of a joint resolution, directing the Executive Department, in the purchase of Steel for public works, to examine the produce of several American Manufactories, and to give them the preference.

Mr. Underwood introduced a bill for a survey of the Ohio River, with a view to improve its navigation.

The resolution of Mr. Cass, calling for the official correspondence with Austria, as to Hungarian affairs, was adopted.

The bill to settle and determine private Land Claims in California was taken up.

Mr. Benton argued upon the great importance of the subject, and recommended its postponement for a full Senate. Barely half the members had usually been present until about the first of February.

Mr. Gwinn was for acting on it now. Messrs. Foote, Mangum, and Badger were for postponement, which was agreed upon.

Mr. Clay said no business could be done with the present attendance, and moved an adjournment till Monday, which was agreed to, and the Senate went into executive session.

House.—Mr. Reed introduced a bill granting public lands to Pennsylvania to aid in the construction of certain railroads.

Mr. McMellan introduced a bill making grants of land also the Virginia and Tennessee railroad. Both referred to Committee on Public Lands.

Mr. McClernand introduced a bill to reorganize the Bureau of Foreign Affairs, and improve the efficiency of the State Department. Referred to Committee on Foreign Affairs.

After a debate, the bill authorizing suits of the heirs of Gen. Kosciusko, now pending in the Circuit Court for the District of Columbia, to be removed to the U. S. Court for the District of Maryland, was agreed to.

The House then adjourned over to Monday.

On Tuesday evening last, Mlle. Adelaide Lehman the danseuse, was badly burnt at Niblo's garden. While performing on the stage her clothes caught fire, and she was immediatly enveloped in flames. Although she was burnt severly her life is not in danger. M. Marzetti, her brother-in-law, and Francois Ravel, in their efforts to protect Mlle. Lehman, had their hands severly burnt.

☞ A grave and intelligent Jurist of New York, retained in opposition to a Railway line, asked the witness, "Where is your *data* for this supposition?" 'My *data*? why bless your soul, I never had any *dater* as I knows on; I have two boys only, and one lives in Illinois, and 'tother has gone to California."

POSTSCRIPT.

BY TELEGRAPH TO THE DALY NEWS.

NORFOLK, Dec. 27.

The steamship Ohio reached here yesterday afternoon, in a very disabled condition. The passengers were compelled to work at the pumps for three days, in order to keep her from sinking, as she leaked very badly; she has four hundred passengers, including 25 returned Californians. The steamer is considerably damaged in hull, rigging and upper works, as well as furniture; the damage sustained is not far from $30,000. The Ohio broke one of her engines on the passage from New Orleans to Havana, and proceeded to the latter port with the other.

BALTIMORE, Dec. 27

A large number of passengers from the Ohio arrived here this morning from Norfolk. Jenny Lind and suite have arrived safely at Charleston; the steamer was out in the gale and came very near being wrecked.

The total amount of coinage in the United States, to 1st November, was one hundred and eighty-six millions, five hundred and seventy-two thousand dollars, of which sum the Philadelphia mint coined over one hundred and forty-eight millions.

☞ The Hon. Nathan F. Dixon declines being a candidate for re-election to Congress, the coming Spring, as will be seen by the following Card which we find in the Providence Journal:—

To the Freemen of the Western Congressional District.

Frequent inquiries having been made of me, by many of my friends in various parts of the District, in relation to my desire or willingness to receive the nomination as a candidate for the next Congress. I avail myself of declaring my purpose, and I do it now that my friends may have ample time before the meeting of their Convention to select my successor. It is my desire not to receive, and my determination not to accept, a nomination for re-election. I take this opportunity to return my sincere and heartfelt acknowledgements to the freemen of the District who have honored me by their confidence.

NATHAN F. DIXON.

WESTERLY, December 23d, 1850.

THE INTERNAL COMMERCE OF THE COUNTRY. The aggregate value of the Lake Trade, as appears by returns made at the bureau of Topographical Engineers, amounts to the enormous sum of $186,485,269! or more by $40,000,000 than the whole foreign export trade of the country. The aggregate tonnage is 203,041 tons, of which 35,904 is foreign. The net value of the commerce of the western rivers is $256,233,820, the value of vessels $18,661,500. The gross value of internal commerce of the United States, which is almost double that of the net value, is $795,654,774.

☞ Jenny Lind's Concerts in Baltimore realized about $60,000, and is supposed that the speculators made at least one fourth as much more. She will embark from Charleston for Havana on the 1st of January.

DESTRUCTION OF THE MAINE STATE PRISON.—The Maine State Prison at Thomaston was destroyed by fire on Sunday afternoon, 22d inst. As soon as it was found that the main prison must go, the prisoners, about 90 in number, were all taken out of their cells, and safely conducted through a file of citizens and officers of the prison to the wheelwright shop, where they were safely guarded through the night. The fire is supposed to have taken near a stove-pipe in the guard room, the wood of which was dry as tinder. It speedily communicated with the unfinished and dry attic, and in a few minutes was beyond all control. Everything was done by the warden and officers that could be. They were promptly on the spot, and all did their duty. No lives were lost nor were there any escapes.

MARRIED.

THE FIRST CHURCH IN PROVIDENCE NOT THE OLDEST OF THE BAPTISTS IN AMERICA.

ATTEMPTED to be shown by the Rev. S. Adlam, Pastor of the first Baptist Church in Newport, R. I. Such is the title of a phamphlet which is now in press and will be published in a few days; this most conclusively proves that the Church in Providence is not the oldest Baptist Church, but in this work the serious errors inscribed on the bell of the First Church, and on its tablet in the Meeting House, are pointed out, and it is shown, that instead of being the First Baptist Church established in this country, two others were constituted before it; but one of these being extinct, it is now the second as to age of the Baptist denomination in America.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

AYER'S CHERRY PECTORAL.

For the Cure of

COUGHS, COLDS,

HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reliance of the afflicted as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of *Consumption*, it is also, in diminished doses, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world respect their opinions.

FROM PROFESSOR HITCHCOCK.

"James C. Ayer—Sir: I have used your "CHERRY PECTORAL," in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.

EDWARD HITCHCOCK, L. L. D.,
President of Amherst College.

The "*LONDON LANCET*."

"AYER'S CHERRY PECTORAL is one of the most valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."

Dr. Brewster, of Windham Co., Conn., sends us the following testimony,—

Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham Co., Connecticut. The cure in her case was very prompt, and has attracted general attention.

W. A. BREWSTER, M. D.

West Killingly, Ct., Sept. 28, 1848.

This may certify that I was afflicted with a very severe cough in the winter of '47 8, which threatened to terminate in Consumption. I had tried many medicines in vain and was cured by the use of "AYER'S CHERRY PECTORAL."

CATHERINE K. CADY.

DIRECT EVIDENCE.

Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. A friend gave me a bottle of your CHERRY PECTORAL the use of which I immediately commenced according to directions. I now sleep well, my cough has ceased, and all by the use of your medicine.

E. S. STONE, A. M.
Principal Mt. Hope Seminary.

From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass:—

Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance for all the CHERRY PECTORAL last sent me. I can unhesitatingly say that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects. Truly yours, D. M. BRYANT.

PROFESSOR A. C. BARRY'S

TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair; removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The best journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close.—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. — apr30 6m

JENNY LIND DAGUERREOTYPES.

As there is a deal of excitement caused by the Swedish Nightingale, so there is about the *life-like* Pictures taken by WILLIAMS. Have you visited his rooms? if not, do not fail to soon, because he has made up his mind, to stay in Newport but a few weeks longer. What a token of remembrance is a perfect likeness! When friends are removed *from us*, with what pleasure can we bring their features to our eyes by having that which no family should be without; it brings to our mind those joyous hours which we long to renew. Then, reader, make it your duty to drop into this place of remembrance, and you will never be sorry. The subscriber has all the latest improvements in the art, and by the present process he is enabled to take a correct likeness in the short space of 8 seconds.

MORE LIGHT.

As the evenings are getting longer, it is of [illegible] importance to economise in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the fresh furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I shall not hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

SCROFULA

If thousands of cases of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and if the VERY SMALL QUANTITY which was used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power of the Medicine which has subdued and conquered such diseases, here there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect; and there is abundant proof, in great cures effected, that ONE BOTTLE of it contains more purifying, healing virtue, and medical power, than there is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED, can now WALK—they that were SICK, SCROFULOUS, and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used *BRANT'S PURIFIER*, after having used and tested ALL the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because *one* bottle of it has *more* medical, curative matter in it, and, in consequence, cures *more disease*, in much less time, than *one* bottle of any other medicine.

In fact, one bottle of BRANT'S PURIFIER will cure FOUR TIMES more disease than *one bottle of Sarsaparilla*—BRANT'S PURIFIER would be as cheap at four dollars a bottle, as sarsaparilla at one dollar. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and one bottle of it has cured, and is capable of curing, FOUR TIMES as much disease as one bottle of *Sarsaparilla*, therefore, Sarsaparilla, in consequence of its *less* power and less medical efficacy, should be sold at no more than *twenty five cents per bottle*, to be as *cheap* as the PURIFIER is *per* DOLLAR.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of *BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives*. He was cured of a worse case of SCROFULA, by only twelve bottles of Brant's Purifier, than ever was cured by the use or twelve gallons of the best *Sarsaparilla* that was ever made—Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revolting's hopeless* case.

Mr. S. B. HASKIN, of *Rome, Oneida Co., N. Y.* had *Scrofula* four years—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used ALL of the *best Sarsaparillas* to no good effect—grew *worse and worse*, and was considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His neck was *eaten nearly off*, *from ear to ear*; a *hole was eaten through* his windpipe, under his chin, so that he breathed through the *hole*; his ear was so eaten around that it could be *lifted up* out of its place, it only holding by a *small piece*; the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a *man's hand*, had nearly *eaten through* his side into his body. Thus he was afflicted with twenty such *putrid, acrid, offensive ulcers*, on various parts of his person. For further and *full* particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the day *before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world would not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "*My wife procured one bottle of BRANT'S PURIFYING EXTRACT, of Bissell & Leonard, druggists of Rome.* I commenced using that, and *began to get better*. That bottle enabled me to *get off my bed*, where I had been confined *one year*; the *second bottle* enabled me to *get out of the house*; the *third bottle* enabled me to *walk two miles*, to Rome Centre, where I procured *six bottles more*; and when I had finished using them, *seventeen out of twenty ulcers had healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health*."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the *facts* are witnessed and certified to by Dr. T. WILLIAMS—Mr. I. R. BROWN, proprietor of the *West-Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses*.

CANCERS CURED.

Mr. O. B. KINNEY, merchant, *Clinton, Oneida County, N. Y.*, informed us that a cancer-doctor in said county uses many wonderful cures of CANCERS through the efficacy of BRANT'S PURIFYING EXTRACT. A cancer-doctor in the same county, N. Y., is also using said PURIFIER. Mr. L. B. SUTTLE, druggist, at Canajoharie, Montgomery county, N. Y., has informed us of an important *cure of a Cancer* of long standing, which was effected on an aged lady of that place. If, therefore, this PURIFIER *cures Cancers*, its purifying, healing power, must *cure* disease of a less malignant nature. *Seven years'* experience and triumph says there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. CHAUNCY DUNNING, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had to have one of his *legs cut off*, to save his life, in consequence of a *Fever-sore*. The other leg being now affected, and about to be amputated, I recommended BRANT'S EXTRACT. Read the result. He says: '*I have used only three bottles of BRANT'S MEDICINE. I placed ALL HOPE from your recommendation, in that Medicine, and I can now say that, with the blessing of God, it has effected a cure of my leg.*'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured* by *using* BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half as certain, and effectual in restoring* ALL the incidental weaknesses and irregularities of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be suppression, excess, or other weakness—it REGULATES ALL, by *strengthening the* SYSTEM, *equalizing the* CIRCULATION, and *soothing and allaying* NERVOUS IRRITABILITY. See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman* at *middle age*—in one case is *accelerated*, and the other so *gradually approved*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co., *February* 1, 1848.

"M. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, eased *and relieved the usual pain after eating*. I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without *being* pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LEUCORRHŒA, &c.

"BERGEN, Genesee Co., N. Y., Oct. 18, 1847.

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Leucorrhœa* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted to restore health. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than *eighty-five* pounds; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all her necessary household work, and gained many pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "*four bottles*." He, we are informed by Z. S. TERRY, Esq., of the same place, has *another* Medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT *is a perfect and thorough eradicator of all the effects of* MERCURY, *or any of the various preparations of* CALOMEL *or* MERCURY, *from the system*; and it restores the *blood*, *muscles*, and *all the parts* deranged, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSLANDER, merchant, *Oberlin, Lorrain Co., Ohio*, wrote, December 13, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have personally used *BRANT'S PURIFYING EXTRACT*, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In *every instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION."

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured by *BRANT'S EXTRACT*

THE REMARKABLE SANATIVE POWERS OF

Have induced numerous attempts to counterfeit it, and make fraudulent use of Dr. TOWNSEND'S NAME to secure the sale of SPURIOUS ARTICLES.

These counterfeits and imitations only PROVE the VALUE of the ORIGINAL; and no HIGHER COMPLIMENT could be paid to Dr. S. P. Townsend's Extract of Sarsaparilla than the laborious efforts that have been made by many to get up SOMETHING LIKE IT. BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked cases of PULMONARY CONSUMPTION—real, undoubted cases of ulcerated and diseased LUNGS—such hopeless cases as were never before cured by any other medicine. So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses several medications which are peculiarly adapted to, and are essentially necessary for, the cure of

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and elsewhere *internally*, as certainly and *surely* as the PURIFYING EXTRACT cures and heals ulcers *externally*. This Balsam cures NINE cases of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its unfounded curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is considered by *physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the particulars of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many other*, almost *equally hopeless*, and *innumerable* cases of *Coughs* and *Consumptions* CURED, which were pronounced *incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so seriously afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced—as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was *free* from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN!"

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 17, 1848, among other ACCOUNTS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to *FITS for several years*, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was given up by his physicians and all friends, as one who would soon *be in a grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, robust man*."

S. D. DANN, *Esq., merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his cure, and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. H. CALDWELL & CO., *of East Oswego, Oswego Co., N. Y., respectable druggists*, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was *so extremely diseased*, that her friends believed it impossible for her to *live more than ONE DAY LONGER*. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties*. She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said BRANT'S BALSAM had effected cures of such hopeless cases of CONSUMPTION in their town, that now no *other cough-medicine could be sold there*; that it *had raised some as if from the GRAVE*—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was *useless to take any more medicine*. He then, when *no hope was left*, began to take BRANT'S BALSAM—GOT WELL—*and is now as well as any he was.*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 24, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a case of *Consumption* that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, astonishing to all, he's now able to labor, and rides all over the county. He used *only five bottles*. It has also cured a young *lady* of *Consumption* in Orleans county, which her father says *no doctor could cure*."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 15, 1848, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *dangerous* and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE with a *Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in children or grown persons, cured without any failure whatever. Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large* portions as the directions on each bottle prescribe, until the complaint is checked.

"DOCTORS CALL IT WONDERFUL"

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful* cures of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 18, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another *supply*, for they *sell more rapidly*, and give *better satisfaction*, than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELETS, NECKLACE

MAGNETIC FLUID

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

☞ To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

'Truth is stranger than Fiction!'

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severe paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 19, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS.

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of sthe deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom, that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!!

The Handsomest, Cheapest, and Best Article ever yet invented for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public. Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light. Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing Light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful, steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whitchenson, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord.
